**ARE IMPROVING
COCOANUT ISLAND****A Gang of Prisoners Are at
Work There—End of
Sugar Season.**

(Special to the Advertiser.)

HILO, August 5.—A couple of ac-
cidents have occurred within the past
week, both of them being extremely
painful. At the Hilo railroad machine
shops, the shafting slipped and flew
backwards making a nasty gash on the
face of Pearl Heibusch. At the Vol-
cano House, little Georgie Frendo was
sliding down a grassy hill when he
dislocated his finger. The joint was
put back into its place by Mrs. Alice
Hastings, but the poor boy screamed
with the pain. Next day he was
brought to Hilo for medical attend-
ance.Bruce Kennedy and Irwin Scott are
going down on the Kinau to take part
in the Honolulu tennis tournament,
both to play in the men's singles and
doubles.By the end of this month the sugar
plantations will have nearly cleaned up
all of this season's sugar crop.The County of Hawaii is doing a lit-
tle more toward improving the Ter-
ritorial property of Coconut Island.
A small gang of prisoners will be at
work there all of this week, cleaning
up and filling in the island, repairing
and cleaning the Territorial sheds that
are tumbling to pieces there and gen-
erally making the place presentable in-
stead of an eyesore. Chairman Todd,
of the Board of Supervisors, hopes to
have a handstand there some day with
Sunday afternoon concerts.Rain has prevented a continuance of
the tennis tournament, but it did not
prevent the tennis dance that was
given on Saturday night and which was
very enjoyable.**MONTH'S PROGRESS
IN CALIFORNIA**SAN FRANCISCO, July 31.—Calif-
ornia is in the midst of its harvest
season, and from all parts of the State
The California Promotion Committee is
receiving splendid reports of crops and
price conditions, showing that the State
is passing through an era of unex-
ampled prosperity. With the excep-
tion of prunes, apricots and asparagus
reports show that the output is excep-
tionally fine, with an Eastern demand
that exceeds former records. Prices
are very high, and even in crops which
are short producers will have best re-
sults.There is a dearth of labor in all
agricultural districts, and thousands of
people can find immediate employment
at remunerative wages. Canneries and
packing houses note great scarcity of
help, notwithstanding a high wage that
is being offered.Railway building, both steam and
electric, is progressing rapidly in many
parts of the State, many lines prom-
ising operation during the coming month.
Wide development of the interior is
promised through this construction, and
with it a more intensive settlement
through subdivision of large tracts in-
to small farms, for which there is great
demand.Building operations in all parts of
the State show great increase. In San
Francisco conditions are rapidly im-
proving, prices of building material
having returned to about normal, and
much outside capital coming in for in-
vestment. There is strong financial
sentiment, as is indicated by increas-
ed bank deposits and increased bank
clearings.The following summary for July
shows California conditions:San Francisco building permits, \$4,-

be retained by placing the tea in sealed lead packages at the garden where grown. Ex-
posure to air greatly impairs the quality of the leaf. It loses in flavor every time it is
handled and deteriorates rapidly in the grocery store bin.Thus it is that tea sold in bulk can not equal in flavor or quality that put up in lead
packages.You get all the flavor when you buy any of the following celebrated brands of Ceylon
and India tea, because each is specially sealed in lead and holds all of its original strength
and flavor.Try a package. Each kind differs from the other in flavor to suit different tastes. After
you find the one you like best you will stick to it closer than a brother.**Quaker Brand Golden Tipped Pekoe Tea****Nirvana Ceylon Tea****Moore's Darjeeling Tea**

ARTISTS' COLONY**NEW YORK, July 25.—Mrs. Harry
Payne Whitney is to join the colony
of artists in McDougall alley. For
studio purposes she has acquired whatis known as the Montgomery stable,
No. 19 on the alley. Until July 1 the
stable was in use, being leased to a
man named Martin, who runs a public
hack. In these quarters, when they
are remodeled, the daughter of Cor-
nellius Vanderbilt and wife of Harry
Payne Whitney will pursue her chosen
profession, for which she has been fit-
ting herself by studying abroad. Mrs.
Whitney now has a magnificent housein Fifth avenue and a studio in West
Forty-eighth street. It is presumed
the studio there is to be given up.Mrs. Whitney is well known in the
art world. Her first work of any mag-
nitude was the designing of the pillars
for the Hotel Manhattan. Then, when
the contract was let for the decorat-
ions of the Hotel Belmont, Mrs. Whit-
ney's designs for the dining-room were
accepted.**KEEP YOUR MONEY****RATHER THAN GIVE IT FOR UN-
